For Immediate Release:

20 April 2010, St. Louis, Missouri and Creve Coeur, Missouri.

Veninga's Fine Jewelry, well known by many St. Louisans, for their diamond and gold artistry and excellent customer services, today announced that they will indeed sponsor one of the city's oldest community events. Creve Coeur Days – May Festival. Every year for the past four decades, people have come out in throngs to enjoy the fun of Creve Coeur Days, one of the largest community festivals in the county.

"I feel very strongly about supporting local community events. It gives local small businesses such as mine, an opportunity to connect, learn and share with other businesses, and more importantly to share with people from all over the metropolitan area. People come from all over, to enjoy carnival rides, the parade and of course good food. My staff and I enjoy meeting our customers there too. It's just a really good time." Said Thomas Veninga, Owner of Veninga's Fine Jewelry.

The Annual Festival will be held from Thursday, May 13th, 2010 thru Sunday, May 16th, 2010 at the Barnes-Jewish West County Hospital Grounds. **(The grounds adjoining the Hospital Office Buildings, on Mason Road, south of Olive.)**
